

# File and Removable Media Protection Essentials - Bundle

Self-Paced Online Training

## Highlights

### Duration

4 Hours

### Prerequisites

Students taking this course should have a working knowledge of Windows and macOS, along with familiarity with system administration and network technologies.

Recommended prerequisites include a basic understanding of computer security, data encryption principles, and command line syntax, as well as knowledge of malware, antimalware, viruses, antivirus, and web technologies. Additionally, prior experience or working knowledge of Trellix ePolicy Orchestrator (ePO) and Trellix Agent is also required.

This course bundle provides an in-depth introduction to File and Removable Media Protection (FRP), tasks required to install, deploy, configure, and manage FRP, and basic troubleshooting guidance and tips.

FRP delivers policy-enforced, automatic, and transparent encryption of files and folders stored or shared on PCs, file servers, removable media such as USB drives, CDs/DVDs, and ISO files, cloud storage services, and emails. This course bundle is designed as a practical starting point for someone new to supporting FRP.

## Learning Objectives

After completing this course, learners should be able to:

- Describe key features, components and use cases of FRP.
- Install the required FRP software packages and extensions on ePO.
- Deploy the FRP client software to endpoint systems managed by ePO.
- Configure FRP policies, permission sets and server settings on ePO console.
- Configure FRP for mobile devices and cloud services.
- Manage FRP keys, execute recovery tasks and perform user actions.
- Describe the basic concepts of troubleshooting.
- Understand the troubleshooting tips for FRP.

## How to Register

This course is available for purchase at <https://training-portal.trellix.com/>

## Who Should Attend

The course is designed for system and network administrators, security personnel, auditors, and consultants who are concerned with data encryption on endpoints.

Enhance your expertise by exploring the fundamentals and key aspects of FRP, especially if you are new to working with or supporting this solution.

## Agenda at a Glance

- 1. File and Removable Media Protection Essentials – Introduction**
  - a. Introduction
  - b. FRP Solution Overview
  - c. Conclusion
- 2. File and Removable Media Protection Essentials – Deployment**
  - a. Introduction
  - b. Installation and Deployment
  - c. Upgrade
  - d. Conclusion
- 3. File and Removable Media Protection Essentials – Configuration**
  - a. Introduction
  - b. Policies
  - c. Server Settings and Permission Sets
  - d. Mobile and Cloud Configuration
  - e. Conclusion
- 4. File and Removable Media Protection Essentials – Management and Troubleshooting**
  - a. Introduction
  - b. Management
  - c. Troubleshooting
  - d. Conclusion
