File and Removable Media Protection Essentials - Configuration

Self-Paced Online Training

Highlights

Duration

1 hour

Prerequisites

Students taking this course should have a working knowledge of Windows and macOS, along with familiarity with system administration and network technologies.

Recommended prerequisites include a basic understanding of computer security, data encryption principles, and command line syntax, as well as knowledge of malware, antimalware, viruses, antivirus, and web technologies. Additionally, prior experience or working knowledge of Trellix ePolicy Orchestrator (ePO) and Trellix Agent is also required.

How to Register

This course is available for purchase at https://training-portal.trellix.com/.

The File and Removable Media Protection Essentials - Configuration course provides a comprehensive overview of configuring Trellix File and Removable Media Protection Essentials (FRP) 5.4.4 policies, server settings, and permission sets, as well as an overview of mobile and cloud configurations.

FRP delivers policy-enforced, automatic, and transparent encryption of files and folders stored or shared on PCs, file servers, removable media such as USB drives, CDs/DVDs, and ISO files, cloud storage services, and emails. This course is designed as a practical starting point for someone who is new to supporting FRP.

Learning Objectives

After completing this course, learners should be able to:

- Configure FRP for mobile devices and cloud services.
- Configure FRP policies.
- Configure FRP Server Settings.
- Configure FRP Permission Sets.

Who Should Attend

The course is designed for system and network administrators, security personnel, auditors, and consultants who are concerned with data encryption on endpoints.

Whether you are new to FRP configuration principles or looking to enhance your proficiency, this course enables you to delve into the intricacies of these concepts.

Course Outline

1. Introduction
2. Policies
3. Server Settings and Permission Sets
4. Mobile and Cloud Configuration
5. Conclusion
